The platform of choice for project and portfolio management.

I have tried many, but its functionality and performance beats the rest. With its unique features, I can easily create and assign tasks faster and easier compared to other softwares.

— G2 reviewer ★★★★★

In the market, there are many softwares for managing task[s] and project[s], but Smartsheet is the G.O.A.T.

— G2 reviewer ★★★★★

Connect the dots between strategy and execution.

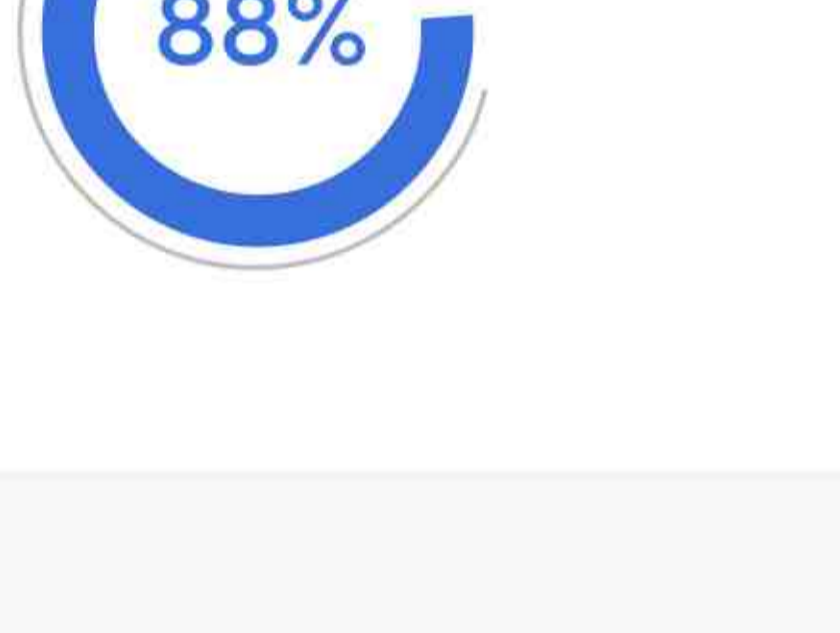

Reports help us synthesize the information we need, and Dashboards allow us [to] pull the information together in a format friendly for everyone, especially executive leadership.

— G2 reviewer ★★★★★

I am able to give access to all team members as well as stakeholders, create shared forms to intake bug fixes on our projects and quickly track and manage changes in our timelines and resources.

— G2 reviewer ★★★★★

With everything in one place and a familiar interface, teams stay on track and organized.

Ease of Use

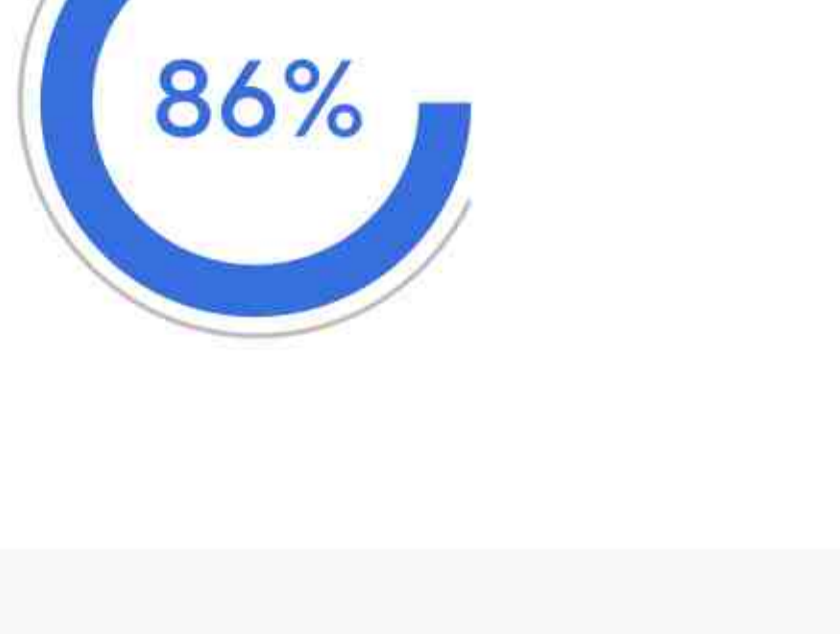

In essence, Smartsheet solves the problem of confusion and panic. Keeping everything in one easy-to-use place gives sponsors and stakeholders peace of mind, allowing them to focus on moving toward our goals.

— G2 reviewer ★★★★★

I can easily create a custom workflow for my projects, assign tasks to team members, set deadlines, send out e-mail notifications, and track progress in real-time.

— G2 reviewer ★★★★★

It's quick and easy to get started with Smartsheet.

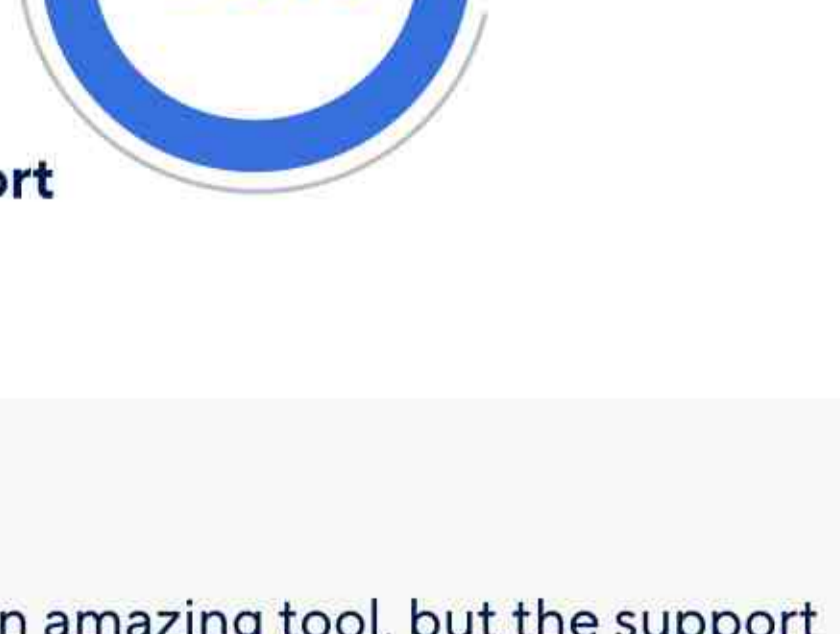

Ease of Setup

Smartsheet's most helpful feature is its easy user interface, which makes it an excellent organizational tool. It was simple and quick for numerous employees from across the team to commit.

— G2 reviewer ★★★★★

We're here to support you every step of the way with resources and a team of experts ready to help.

Quality of Support

This platform is an amazing tool, but the support and resources to help you use it makes it stand out from other PM tools.
